

CONSULTANT

Beginning with your organization’s needs and business objectives, Coreco provides experienced consultants skilled in procurement and project economics. Our consultants possess extensive expertise in procurement, contracting, construction economics, project management and collaboration. With a steadfast focus on value delivery, we equip your projects with the insight and expertise needed for success.

Engaging a Coreco consultant grants you access to our extensive supplier network and a diverse pool of experts. Whether reinforcing your current team or assembling a full team equipped for complex procurements and projects, our consultants bring the necessary experience and skills to enhance your organization’s capabilities.

We have handpicked consultants in many different areas, such as:

- Project buyer
- Construction Procurement Specialist
- Strategic Buyer
- Category Manager
